

A large, detailed image of a Bitcoin coin, showing its characteristic yellow color and the black 'B' symbol with two vertical bars. The coin is positioned on the left side of the slide, slightly overlapping the text.

INFINEX TRADE

Welcome to
INFINEX TRADE

The global investment company you
can trust.....

WHO WE ARE

infinex-trade.com is a global investment platform that brings together investors and promising tech companies and startups.

- We carefully monitor the most sought-after sectors for investment, such as industrial business, development of new technologies, health care, creating state-of-the-art software, and business related to solving environmental issues. Our team of leading global investment managers uses patented algorithms to verify and analyze companies prior to placing them on the platform in order to bring a new class of assets to investors worldwide.

GUIDES ON HOW TO START ON INFINEX TRADE

Before you land on this page, we believe you've gotten a snapshot of what Infinex Trade is all about and you are interested and wants to get started. We refer to our users as investors because what they do is investing their Bitcoin in our lucrative investment packages to get a profit after a certain duration of mining process.

- To get started at Infinex Trade, visit <https://infinex-trade.com> which is our registration page. Fill the form with your correct details and you
- will receive an instant email that contains your activation link. Follow the link back to our website and go to login page. Login with the
- combination of your Username and your chosen password. Once the details are correct you will land to your dashboard where you will see an overview of your account

From your account dashboard go to deposit and make your investment. You can visit the homepage of our website to see the different investment plans or read it from this pdf file.

- Note: Remember to invite your family and friends using the referral
- link you will copy from your profile.
